Program:	Bachelor of Dentistry
College:	Vision College in Riyadh
Institution:	Vision College in Riyadh
Revised:	July 2025

A. Course Identification

- | |
|--|
| 1. Credit hours: 1(0+0+1) |
| 2. Level/year at which this course is offered: Level 10 / year 5 |
| 3. Pre-requisites for this course (if any): SDC 521 |
| 4. Co-requisites for this course (if any): None |

B. Teaching Methods

- | | |
|---|--|
| 1 | Case-based Learning / Clinical supervision/ Demonstration and role-playing |
|---|--|

C. Course Description and objectives

1. Course Description

This course is pure clinical course, which is given in the form of 3 hours' clinical session once a week, to give the chance for dental students to acquire the motor skills necessary in treatment of fixed prosthodontics patients, starting from diagnosis until delivery of the prosthesis & completion of follow-up visits.

2. Course Main Objective

The main objective is to give the dental students an opportunity to perform the clinical procedures commonly associated with Fixed Prosthodontics patients. By the end of this course, the student should be able to select cases, formulate a treatment plane and treat basic fixed prosthodontic cases efficiently under controlled guidance and supervision in the college clinics.

3. Course Objectives

By the end of this course, students should be able to:

- Describe different steps used during treatment of fixed prosthodontics cases.
- Identify the significance of the diagnostic finding on the treatment plan of fixed prosthodontics cases.
- List the potential and limitations of procedures and the handling of dental materials in fixed prosthodontics.
- Analyze the diagnostic data & formulate a treatment plan for fixed prosthodontics cases.
- Perform the clinical steps required for management of fixed prosthodontic cases.
- Select and manipulate the appropriate materials and techniques that are required during management of fixed prosthodontic cases.
- Demonstrate ethics and professionalism in dental practice.
- Show proper time and resources management in clinical dental practice.
- Express effective communication with the patients and other member in the dental clinics.
